If a loan was discharged between July 1, 2001 and June 30, 2002 inclusive, then the student must reaffirm the loan if less than three years have passed since the date the student became disabled. If the prior loan was conditionally discharged on or after July 1, 2002 and the three-year period hasn't elapsed, the student must sign a statement that collection will resume on the old loan (which collection must begin before receiving the new loan) and that unless his condition substantially deteriorates, the old loan cannot be discharged in the future for any impairment present when he began the conditional discharge or when he tried to get the new loan. If a defaulted loan was discharged and then reaffirmed or was conditionally discharged and payment resumed on it, the student must make satisfactory repayment arrangements before receiving the new loan.

Student Statement

I realize that any new federal loan(s) for which I apply cannot be cancelled in the future based on my present impairment (unless my condition substantially deteriorates subsequent to receiving additional loans).
