

College Wide Outcomes

Zane State College's Institutional Learning Goals are an integral part of the curriculum and central to the mission of the college. The faculty at Zane State College have identified the following institutional learning goals:

Demonstrate information literacy by effectively locating, evaluating, and utilizing acquired knowledge.
Communicate effectively with both written and oral formats to meet the needs of diverse audiences.
Think critically and solve problems by employing higher-level thinking skills.
Demonstrate professionalism required by business and community.

In-class students are assessed on their achievement of the outcomes outlined in their specific course syllabus. Names will not be used when reporting results. Outcomes-based assessment is used to improve instructional planning and design and the quality of student learning throughout the college. Please see the course syllabus for more information.
